

Memorandum

To: Carnival and Amusement Ride Owners and Manufacturers
From: Michael Triplett
Date: 11/15/2012
Re: **Special 2013 Season Training/Briefing Sessions**

As we approach the beginning of the 2013 Amusement Ride Season, the Bureau of Code Services and the Carnival and Amusement Ride Program will be presenting a full day of training regarding the current Carnival and Amusement Ride Safety Program Regulations. There will be engineering and inspection staff at each session for you to meet with and discuss any questions you may have.

Who Should Attend: The course will focus on all aspects of the program, therefore, owners, operators, maintenance staff, operations staff, and clerical staff would all benefit from the program. We believe in giving all program participants as much information about the program as possible in order for each person to see how they fit into the overall program objects.

What will it cost: There is no cost to attend.

What are the dates, time and locations of the sessions: We have three sites so that we can keep the class to a reasonable size and to minimize travel time. The sessions will begin with coffee and registration at 8:00 AM , the session begins 8:30 AM and will end at 3:00 PM.

February 5, 2013: **MAYS LANDING: ATLANTIC CAPE
COMMUNITY COLLEGE, RUTGERS BUILDING Q**
